PRESS DISTRIBUTION**Arcep repeals High Council of Press Distribution Decision No. 2012-06 on the remuneration of fulfilment centres' drop service**

Paris, 29 January 2026

Today, Arcep is publishing its Decision No. 2026-0114 repealing High Council of Press Distribution (CSMP) Decision No. 2012-06¹ that established the terms of remuneration for the performance of fulfilment centres' "logistic-transport" (aka drop) service.

Law No. 2019-1063 of 18 October 2019 on the modernisation of press distribution entrusts Arcep with the regulation of the press distribution sector, without giving it the power that the CSMP had to make a decision setting the rules of remuneration for fulfilment centres, and notably on the distribution of fulfilment centres' remuneration between approved press distribution companies (*sociétés agréées de distribution de la presse* or SADP in French).

Regarding the aforementioned CSMP Decision No. 2012-06, the Authority notes that, since Law No. 2019-1063 entered into force, several inter-trade agreements have been signed between companies from the sector² in particular to define the conditions for the remuneration of fulfilment centres' drop service.

As a result, the Authority considers that the setting of the rules governing the distribution of fulfilment centres' remuneration falls within the scope of trade negotiations and repeals CSMP Decision No. 2012-06.
